

RAP 303 Job Documentation

From Rovipedia, the Rovisys encyclopedia

Approved

Purpose: This procedure provides the requirements for maintaining accurate and retrievable job data for completed RoviSys contracts and incorporates the methods required to maintain the GrandView database. The reproducibility of information associated with completed RoviSys contracts will aid our ability to serve customers and leverage our experience into future contracts.

1. All completed RoviSys contracts must have the information associated with the contract uploaded into GrandView.
2. The following information shall be stored in GrandView:
 - RoviSys proposal
 - Customer purchase orders and subsequent change orders.
 - Technical/project management correspondence with customer.
 - Any significant RoviSys internal correspondence (between team members).
 - Project schedule and Project technical notes (calculations, formulations, sketches, lab results, etc.).
 - All project deliverables.
3. The project team will properly store and maintain project information during contract execution.
