Lodging

You may only submit a lodging expense ON or AFTER the last day of your stay (date of checkout). The only exception will be for extended stays. If an extended stay is for more than one month, you must request a monthly receipt from the hotel, and you must submit the lodging expense on a monthly basis. You must have documented evidence that lodging stay occurred through other expenses being submitted.

- Create a new expense item by selecting +NEW EXPENSE.
- Attach the detailed receipt by selecting ATTACH RECEIPT. This receipt should have dates of the stay, details for each day, the name of the hotel, and the amount paid through the end of your stay (or through the end of the month for extended stays)
- Select or create the appropriate BUSINESS PURPOSE.
- Enter the Expense Date. The Expense Date will be either the last day of your stay (the day you check out) or the last day of the month for extended stays.
- Enter the Arrival Date. The Arrival Date will be either the first day of your stay or the first day of the month for extended stays.
- Select the Category as Lodging.
- Leave Expense has been Advanced off.
- Enter the amount of lodging excluding any room charges (i.e. parking, movies, food, convenience store, laundry, etc.)
- Enter the hotel name and number of nights in the Description.

Example

You travel for a system startup from April 8, 2019 to April 12, 2019 for project ABC19A and stay at the Hampton Inn near the site for 4 nights at \$100/night. You watched a movie in your room for \$10 and your total bill \$410.

- Create a Business Purpose "System Startup".
- Select Job ABC19A, SubJob None and check the Customer Billable box.
- Attach the hotel bill.
- The Expense Date is April 12, 2019.
- The Arrival Date is April 8, 2019.
- The Category is Lodging.
- Since you must use your own credit card for hotels, leave the Expense has been Advanced off.
- The amount is \$400 since this is the total lodging amount.
- The Description is Hampton Inn – 4 nights.
