

RAP 314.01 Emergency Support Pay

[rap](#) [support](#) [engineering](#) [template](#)

From Rovipedia, the Rovisys encyclopedia

Approved

Parent RAP: [RAP 314 Customer Support](#)

Purpose: This RAP details the company policy on employee compensation for customer requested emergency support.

Accepted Standard Files:

Emergency Support Pay (MS Excel) - 'Administrative' folder. Reference [RAP 005 Document Templates Policy](#)

Definitions:

Emergency Support Pay (ESP) - Compensation provided to employees who are required to provide support related to emergency support requested by the customer.

General Guidelines:

1. Employees performing Emergency Support are eligible for ESP based on the following criteria:
 - a) Customer Requested Emergency Support against a support project
 - b) Support request is after 5:01PM and before 7:59AM (local time), on a weekend, or during a Company recognized Holiday
 - c) Support incident logged in a Company approved tracking system such as Grandview or JitBit. Include the names of all parties involved.
 - d) Expended hours must be logged in Grandview Timesheet
2. An employee is considered to be eligible for ESP if he/she contributes to the resolution of the issue regardless of whether they were the initial contact for the support request.

Application Procedure:

Completed applications (screen shots are acceptable) shall be [submitted electronically \(using category Emergency Support Pay\)](#) through RoviSys' Expenses Application as a "payroll expense".

Each expense application should be [submitted monthly](#) to consolidate payments and include:

1. The completed emergency support pay application.
2. A copy of the Timesheet By Day report for the corresponding time period and project.
This report is found in Grandview by selecting the Reports tab and select Timesheet By Day report from the drop-down menu.
3. A copy of support incident that was logged in a Company approved tracking system.

Payment Plan:

- The incident rate paid for ESP is maintained by the RoviSys CFO.
- Payment of ESP for a given period is contingent on application within 2 months of the support incident.
- Payment of each ESP incident is contingent on payment for that incident from the client.

- Payment of ESP is at the discretion of management.
